An Invitation to join

THE EMBLEM SOCIETY

A Program of Deferred Giving

Our lives were most positively affected by the experiences we shared at Lake Delaware Boys' Camp. The future of Camp depends on the support of its many alumni and friends. Without this long-term support, our camp cannot survive. It is time for us to stand up and be counted.

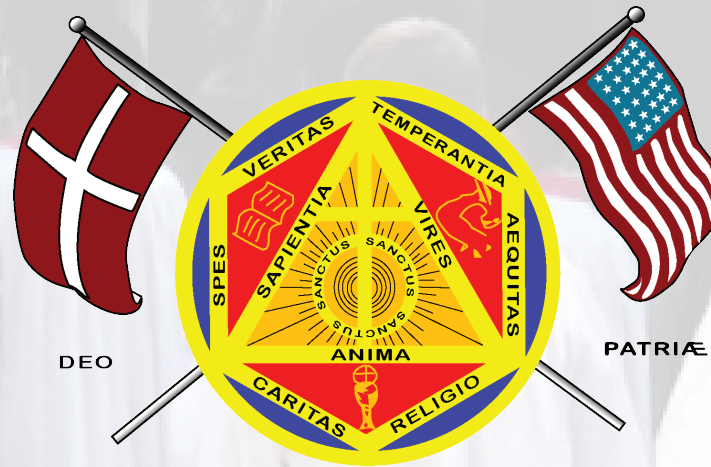

Since the Alumni Association has assumed the responsibility for keeping Camp alive and well, it is only fitting to recognize and honor those alumni and their families, and friends of camp who will remember LDBC in their long-term estate plans. Donors who choose DEFERRED giving make a gift commitment now, while the actual gift takes effect at some future date. There is no cash outlay now- only a verified plan to provide for Camp in your family's long term financial planning.

*To recognize these donors,
The Lake Delaware Alumni
Association is establishing
THE EMBLEM SOCIETY*

Membership Benefits

THE BENEFITS OF MEMBERSHIP IN THE EMBLEM SOCIETY ARE MANY:

- The satisfaction of knowing a deferred gift will perpetuate LDBC for future generations.
- Tax benefits which help conserve one's estate. Estate taxes, income taxes, and capital gain taxes can be eliminated or substantially reduced.
- Choice of a variety of deferred gift options to meet the donor's own financial situation.
- Option to be recognized publicly, or remain anonymous.

What to Do

TO BECOME A MEMBER OF THE EMBLEM SOCIETY:

- Decide to make a deferred gift.
- Consult your attorney or tax advisor to determine what method of giving best meets your needs and to receive the proper advice on implementing your decision.
- When the arrangements have been finalized, inform and verify your gift to LDAA so your gift can be made a matter of record.
- Membership in the Emblem Society will be conferred accordingly. If you prefer not be recognized publicly, your wishes will be respected.
- The Emblem Society members will be honored in the Valookie, and each member will also receive a commemorative gift recognizing their generosity.
